- Non-flammable

### 100 ml Foam

- LPG- and gas-free
- Sustainable, refillable
- Non-flammable

### 50 ml Foam

- LPG- and gas-free
- Sustainable, refillable
- Non-flammable

# SNEAKER DEFENSE

## Product Properties

- Water-insulation spray for all leather and textile uppers.
- High-performance water and dirt repellent.
- Provides high-performance water-proofing.
- Creates a protective shield which prevents water from penetrating into the upper on the shoe, thus ensuring water, grease and dirt to flow out from the upper.
- Does not harm the breathable structure of the upper.
- Maintains its effect up to 24 hours thanks to its strong formulation.
- It is especially recommended to use on climate membrane products (for outdoor textile materials).
- Not suitable for patent leather and metal materials.

## Technical Specifications

- Water-based
- Fluorocarbon-free formulation

## Packaging Options

### 200 ml Continuous Spray

- New generation environmentally friendly continuous spray
- LPG- and Gas-free
- Sustainable, refillable (5 L)
- Non-flammable.
- Excellent customer experience
